Edward Payson Roe : A Young Girl's Wooing before purchasing it in order to gage whether or not it would be worth my time, and all praised A Young Girl's Wooing:

0 of 0 people found the following review helpful. I love this bookBy NancyIJust finished reading it for the third time. I have nearly all of the author's books this is my favorite. The setting is a kinder gentle era. People had manners and morals.0 of 0 people found the following review helpful. Expected more from E. P. RoeBy Bergyl'm sorry to write a negative review for an E. P. Roe book, because I have truly enjoyed his other books. But I was sadly disappointed in the shallowness of this book; I guess I should have known from the title. It was extremely drawn out, filled mostly with conversations between only four characters and very little action. It had very little spiritual, constructive, or edifying content,3 of 4 people found the following review helpful. Wonderful book...By A CustomerMadge is a girl whom always is ill, and pale and considered a "wall flower". She lived an average life, of moderate income, etc. There was a family friend, Graydon, whom was always admired by all, for he was handsome and wealthy, and all the things that made him an eligible bachelor. Amongst that throng of admirers was Madge, whom he cared for as a friend, really he sympathized. But, secretly Madge was falling in love with him. One winter when her health became poor. So she is sent to visit friends at there beach house. During that time, she becomes healthy and strong, riding horses and walking on the beach. When she started regaining her health, she started going to parties, and other social functions, and soon became the most eligible bachelorlette. But she doesn't tell her family, or anyone else, about her newly gained self. So two years later she returns and her family is completely astonished. After meeting up with Graydon again, she finds he's courting another girl. The rest of the book is about her hiding her feelings, and soon Graydon has some aberrant emotions himself. It's a wonderful book, I really enjoyed it.

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work.This work is in the public domain in the United States of America, and possibly other nations.
